WHY ME?

I'm currently in my third year of pursuing a Bachelor of Computer and Information Sciences in Application Development at The IIE's Varsity College. My academic journey has fueled a deep passion for leveraging technology to solve real-world challenges and create positive, lasting impacts. As I continue to build my skills and knowledge in application development, I am committed to exploring innovative solutions that address pressing issues and contribute to meaningful change. My goal is to harness the power of technology not just for advancement, but to make a tangible difference in the world around me.
